

Self Organizations

Application questions per category

Please note that the maximum number of characters for each question is 600.

Informal Coops

- Who is part of the group, have you worked together before, and in what fields is each of you active?
- What is the resource you need, and for how long do you want it?
- How will this resource help each of you develop your arts practice? What does each want to achieve over the period that this resource is made available to you?
- What skills do you think would be useful for you to gain to effectively realize your project?
- The sharing, use, or maintenance of this resource requires a decision-making process. What do you see as some of the collective decisions you will have to make and how will you approach them as a group? How would you deal with a disagreement?
- Please describe two factors you think are essential to consider when working in a self-organized way.
- Please outline the budget needed for the resource you want.

Topical Assemblies

- Who is part of the group, have you worked together before, and in what fields is each of you active?
- What is the topic you want to learn more about, and what makes it important for your group?
- Is this event part of an ongoing research or project? If so, can you tell us more about it?
- How and where do you plan to organize it? Although not required, please specify if this will include others from outside the group.
- What skills do you think would be useful for you to gain to effectively realize your project?
- What do you see as some of the collective decisions you will have to make and how will you approach them as a group? What will each of your individual responsibilities be? How would you deal with a disagreement?
- Please describe two factors you think are essential to consider when working in a self-organized way.
- Please list the total budget of your project and individual costs per category of expenditure (fees, material, etc.).
